Although in a few short months we will have access to our first permanent home, we still require many practical things that would enable us to worship together and welcome newcomers. Many of these things are easy to overlook as God has blessed us over the past few years of gathering to worship at FCA.

This is why we are launching the Rooted Campaign. Through it, your generosity will directly fund the resources we need in order to gather for worship in our new facility.

ROOTED CAMPAIGN

Sinking deep roots in the city
to equip the church
and advance the gospel.

ROOTED

**OUR GOAL:
\$54,000
IN 6 MONTHS**

WHY ARE WE LAUNCHING THE ROOTED CAMPAIGN?

The Rooted Campaign is an exciting opportunity for us to take ownership of our church in a way that some of us haven't before. One of the best parts about this particular initiative is that you will be able to see what your generosity accomplished from your first step in the door of 584 S. Reily Rd. Through the Rooted Campaign we want you to see how your generosity will help our church love God, love people, and advance the gospel. To that end your giving will help us do four things together as we gather together and intentionally scatter on mission:

**WORSHIP + EQUIP
SERVE + SEND**

WORSHIP

Allowing us to continue to be firmly rooted in the Gospel. These are the types of purchases that will contribute to our time of worship during the Sunday gathering :

- Chairs, tables, furniture
- Resources for VeritasKids
- Production equipment
- Needs for our nursing mother's room
- Helpful signage to navigate our new facility

EQUIP

Giving us opportunities to further equip our church to be rooted in who we are in Christ. These are the types of purchases that will enable us to equip the church:

- Classroom equipment
- Conference tables
- Resources for Equipping Classes
- Resources for theological and leader development

SERVE

Enabling us to pursue new ways to love and serve others as we are rooted in the city of Fayetteville. These are a few of the ways that we currently serve the city and a few others that we would like to grow toward:

- Serving our local partners: Operation Inasmuch (homelessness), Hand of Hope (pregnancy support), Habitat for Humanity (affordable housing)
- Community outreach to serve the Glen Reily neighborhood
- Partnering with other local churches in the area

SEND

Catalyzing opportunities to bless missional efforts that demonstrate that we are rooted in generosity. These are a few of the ways that we currently support missional efforts as well as a few that we aspire to see initiated once we are established in our new facility:

- Supporting North American church planting through giving to NAMB
- Funding global church planting
- Training and supporting missionaries from our church to go on short-term and long-term projects

We believe that as we see these needs met to ensure the faithful gathering of the Church to worship God and be further equipped it will result in our being formed into a people that serve and are sent to advance the gospel. We have desired from day one of our church to grow into a church that is for the city, for the military, and ultimately for the fame of Jesus in all things.
